	5/6 purine ribonucleoside triphosphate metabolic process	
	7/9 ribonucleotide biosynthetic process	p < 0.001
ľ	84/93 cellular nitrogen compound biosynthetic process	p < 0.01
L	59/66 organonitrogen compound biosynthetic process	p < 0.05
	5/5 ATP metabolic process	
	90/114 ion transport	
	6/7 inorganic cation transmembrane transport	
	14/15 transmembrane transport	
	61/65 cellular macromolecule biosynthetic process	
Н	75/80 macromolecule biosynthetic process	
_ l	41/44 cellular amide metabolic process	
	36/37 amide biosynthetic process	
٦	67/79 organic substance transport
